To Whom It May Concern,

I am writing to lend my support for *Lerdi Salihî* to further his studies at your institute.

I highly recommend Lerdi because he is an intelligent student. He has demonstrated the ability to work with various methods of futures thinking, considering different perspectives and coming up with original, novel ideas. Through various assignments in my course, Lerdi delved into sense-making and futures literacy. By questioning existing assumptions, including his own, he learned what it means to create and develop for emergence.

Furthermore, Lerdi is solid, self-disciplined, and shows a high eagerness to learn. He is open to stepping out of his comfort zone, for instance, by applying insights from other domains such as philosophy and technology.

Moreover, I have found Lerdi to be a student with excellent analytical and communication skills, both in speech and writing.

Last but not least, Lerdi is a pleasure to work with.

Should you have any questions, please do not hesitate to contact me via email or phone: n.b.o.lumatalale@pl.hanze.nl, +31 50–595 5483.

Sincerely,
Nick Lumatalale
